

McIntyre

BROS. est. 1954

Seven decades of excellence where people matter most!

Core Competencies

McIntyre Brothers began operations as a family-owned business in 1954 in Bedford, Indiana. For three generations we've grown in our capacity and capability to handle big and challenging jobs, while staying small enough to listen. We're still locally-based and family-owned, but with a much larger scope of operations and multiple, concurrent projects under management in construction and industrial maintenance.

Differentiators

- **Family-owned**
- **Locally-based**
- **Sole source** 95 percent of our projects in the tri-state region
- **Employ more than 50 professionals and skilled tradesmen**, including: electricians, carpenters, pipefitters, sheet metal fabricators, equipment operators, laborers, millwrights and iron workers
- **50,000 square-foot facility**, centrally located in Bedford Indiana, that houses our business offices and shops for skilled tradesmen

Capabilities

- **Site Development: Industrial-Commercial-Residential**
Road construction | Site concrete work | Sidewalks and curbs | Building and equipment foundations | Water distribution systems | Storm sewer systems | Force mains and lift stations | Cast-in-place structures | Electrical distribution systems
- **Commercial construction**
Bare lot to turn-key | Bank branches | Office buildings and remodels | Car washes | Parking lots | Exterior lot lighting | Storm Water Lines | Sanitary Sewer Lines | HDPE Piping
- **Industrial**
Bare lot to turn-key | Structural steel fabrication | Industrial maintenance
- **Utility**
Below-grade substation | Site prep | Specialty fencing | Specialty steel and aluminum fabrication
- **General Industrial and Commercial Services**
Machinery maintenance, rework and moving | Conveyor systems | Robots | Metal furnaces
Certified welding | Steel fabrication | Plasma table | Sheet metal and duct fabrication | Gas and fluid plumbing and pipe fitting | Air dryer systems and compressors | Generators
Electrical switch gear | LED Lighting Upgrades | Telecommunications and network wiring
Low Voltage wiring installation and termination | Fiber Optics installation and termination
Interior and exterior lighting | Security and fire alarm systems | HDPE pipe welding
Backflow prevention | Sewage and ground water lift stations | Excavation
Slab prep | Concrete work of all kinds

Facility and Equipment

Our home base is a 50,000 square-foot facility on eight acres in Bedford Indiana that houses our business offices and shops for electricians, carpenters, pipefitters, sheet metal and steel fabricators, millwrights, and other skilled tradesmen. Our equipment inventory includes the following heavy machines and transport equipment.

Earthmovers — Bulldozers | Backhoes | Excavators | Skid steers

Cranes — 6-ton | 15-ton | 100-ton all terrain

Transport and support vehicles — Tractor-trailer | Lowboys | Utility vehicle
